GENERAL

All procedures contained in this handbook are based on the use of the Lifting Technologies, LLC Material Handling Platform (hereinafter) called the LT Material Platform.

A thorough knowledge of the operating characteristics and limitations of the lifting/ hoisting equipment and the Material Platform is the first requirement for any user, regardless of his or her prior experience with similar types of equipment.

Important information is posted on the Data Plate located on the Material Platform. It contains the model and serial number, platform weight, and rated load capacity.

Remember to observe all basic safety rules or precautions when hoisting or lifting the Material Platform.

✦ **ALWAYS** inspect the Material Platform for deficiencies before each use.

✦ **NEVER** allow personnel to ride in platform.

✦ **NEVER** exceed the rated capacity of either the Material Platform or the lifting equipment.

✦ **NEVER** use a Material Platform if there are deficiencies, damage, or unauthorized modifications.

✦ **NEVER** permit anyone to stand under or pass beneath the Material Platform while in use.

All modifications or repair to the Material Platform must be performed by Lifting Technologies LLC personnel or authorized by Lifting Technologies.

Lifting Technologies LLC cannot be held responsible for any unauthorized modification or repair to the Material Platform.

The Lifting Technologies Material Platform is intended for material only. The weight of the material load **MUST NOT** exceed the load capacity posted on the Data Plate.

DO...

- ❖ **DO** perform a complete inspection of the Material Platform before each use.
- ❖ **DO** understand all procedures before using the Material Platform.
- ❖ **DO** keep the gate or ramp of the platform closed during operation.
- ❖ **DO** secure load.
- ❖ **DO** spread out load uniformly.
- ❖ **DO** use extreme caution at all times when using the Material Platform.

DO NOT...

- ❖ **DO NOT** allow personnel to ride in the Material Platform under any circumstances.
- ❖ **DO NOT** use the Material Platform until the lifting equipment has been inspected and is in good working order.
- ❖ **DO NOT** permit unauthorized personnel to use the Material Platform.
- ❖ **DO NOT** use a defective or damaged Material Platform.
- ❖ **DO NOT** use the Material Platform if the Data Plate is missing, defaced or not legible.

YOUR SAFETY IS AT STAKE!

It is impossible to compile a list of safety precautions covering all situations. However, there are basic safety precautions that **MUST** be followed during your daily routine. Safety is **YOUR** primary responsibility. This Material Platform can only be safe if it is used safely.

WARRANTY

Lifting Technologies LLC warrants material and workmanship of its Material Platform for the period of thirty-six (36) months from the date of purchase, and this Warranty is limited to the purchase price of the Material Platform. It is the responsibility of the owner of the Material Platform to instruct the user in all use and safety procedures. Abuse of the Material Platform is not considered under the warranty.
